

Wombat's Features

Name:

What can you see?

Draw the rest of the Southern Hairy-nosed Wombat.

See, think, question

Name:

What can you see?

What can't you see?

What questions do you have about this picture?

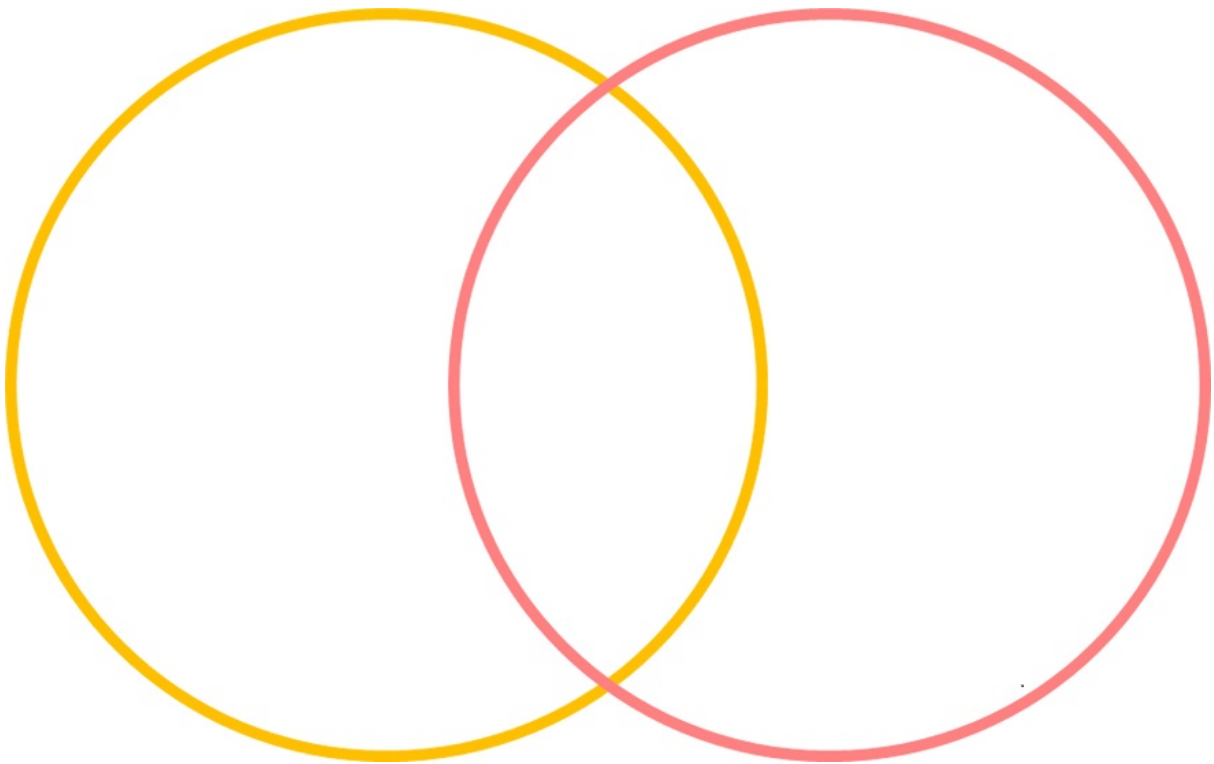

Venn diagram

Compare these two wombats.

How are they the same?

How are they different? Show this on a Venn Diagram.

Southern Hairy-nosed Wombat and the Bare-nosed (Common) Wombat

What is happening here?

Name:

What is happening here?

Why do you think this?

Draw something that is missing from this picture?

Changes – Before and After

Name:

Draw an environment in South Australia for this Southern Hairy-nosed Wombat.

Explain what would be different, after a change, like a fire or no rain (drought).

See, think and compare

Name:

Think like a scientist and an artist.

Look closely at these two drawings of a Southern Hairy-nosed Wombat's foot.

What you can see?

Artist's first drawing

Artist's second drawing

Talk about why you think the artist tried again?

Draw a Southern Hairy-nosed wombat's foot.
Draw three more.
Compare them.

Think and discuss how an artist needs to keep trying and not give up, to get the best illustration they can.
(Positive mindset).
